

## Meet Sarah

**My wish was to:  
Go to Disney World!**

**Age:** 6 years

**Condition:** AV Canal

**Hometown:** Sagamore Hills, OH

Six-year-old Sarah, who is battling AV Canal and other heart defects, loves watching Veggie Tales, reading *Go Dog Go* and eating chocolate chip cookies. Even though she has had two open heart surgeries and three angioplasties, Sarah enjoys going horseback riding and out to eat at Golden Corral.

When Make-A-Wish Foundation volunteers met the spunky and courageous girl, they asked her, "If you could have one wish, what would you wish for?" Sarah told wish volunteers that her heartfelt wish was to meet Mickey Mouse and all of his friends at Walt Disney World. In March 2008, Sarah's wish came true.

*"We were so excited when Sarah was selected as the honorary wish child for the Walk for Wishes! We had an amazing time at Disney World and feel so grateful to you for supporting the Make-A-Wish Foundation,"* said Wendy, Sarah's Mom.

Participating in the 17th Annual Medical Mutual of Ohio® *Walk for Wishes*® will help grant wishes of special children just like Sarah! With your support, we will grant the wishes of more than 180 children on our waiting list for wishes in Northeast Ohio.
